#### Nordic Approvals:

All GRANA-faucets will go through the demanding Nordic Approval Scheme. Testing will include structural stability and suitability for contact with drinking water. GRANA faucets comply not only with EU Regulations, but also with national Nordic Building Regulations. The Finnish STF- and Danish VA-certificates can be found [here](#).

Additional testing reports for sound levels, water flow, durability and for content of heavy metals such as lead and cadmium can be found [here](#). The test documents are currently available in Finnish only but you can easily check the results from the charts.

#### 5-year warranty:

The AGRION Kitchen Faucet has a five-year (5) warranty. The warranty covers raw material and manufacturing faults 5 years from the date of purchase.

Faults caused by normal wearing of the product, wrong installation, misuse, negligent maintenance or problems caused by water impurity are not covered by the warranty.

In warranty matters, do not uninstall your faucet, but contact instead our Customer Service or Product Dealer as soon as possible.
